SENATORIAL INVESTIGATION COMMITTEE REFUSE TO SUMMON GOVERNOR COX

SENATOR KENYON MAKES DECISION OF COMMITTEE KNOWN IN DENYING RE- QUEST OF PUBLISHER MUNSEY

CONSIDER COX TESTIMONY "BUNK"

CHICAGO, Sept. 11.—The Senate Campaign Fund Investigating Committee today turned down the demands from Frank A. Munsey, of New York, and others that Governor Cox be brought to the stand to prove his charges of the Republicans planning to raise a huge "corruption fund." Senator Kenyon, chairman of the committee said he had received more than 100 demands that Cox be called, the latest came from Munsey, the New York publisher. In reply he stated that E. H. Moore told the committee he brought all the evidence which Cox had before the committee and that it was needless to call the Democratic candidate.

S. C. Barbour in charge of raising a \$500,000 fund in Chicago told the committee it was "bad psychology" to assess "prospects a definite sum." He said he had a list of 25,000 prospects in Chicago. Barbour said 800 of these ought to give \$1,000 each and hoped one-half of that number would. Reed asked if it was the "creamlist." "I wouldn't call it that," replied Barbour. "Well it's about half and half," said Reed. The money raising organization here has the same plan as that in Cleveland which provides that Cleveland business men do the soliciting. Barbour denied that Chicago's quota was \$700,000. He admitted having heard \$700,000 talked of at the Republican headquarters.

"The front line division of workers consisted of 500,000 men," Barbour said "and 220,000 other workers would be added."

CHICAGO, Sept. 10.—Declaring Gov. Cox's charges concerning Republican campaign expenses are unfounded and simply intended to distract the public mind from the real issues, Senator Walter E. Edge of New Jersey, a member of the Senate sub-committee investigating campaign funds, tonight said the Democratic nominee "owes it to the American people to withdraw his extravagant statements or stand convicted of descending to the most despicable type of professional politics imaginable."

The sub-committee's other four members, Senators Kenyon and Spencer, Republicans, and Senators Reed and Pomeroy, Democrats, continue the inquiry this afternoon and will hear more witnesses tomorrow morning.

In a statement declaring the Cox charges irresponsible and unwarranted by the evidence, Senator Edge declares the charges have been given more consideration already than they warrant and that the committee is "simply becoming the vehicle for all types of insinuous political charges and rumors for partisan effect."

Convinced the Cox allegations are unfounded, Senator Edge has left Chicago for the East. He turned his proxy over to Senator Kenyon.

Senator Edge absented himself from the afternoon session of the sub-committee, declaring his opinion that

EIGHT YEARS OF DEMOCRATIC RULE MAKE U. S. RECORD FOR INEFFICIENCY

MARION, Ohio, Sept. 11.—Suggestion that America has been "duped by scores of discrepancies in the French and English text of the Article of Versailles, articles purporting to safeguard the Monroe Doctrine, was made by Senator Warren G. Harding today. These discrepancies might readily involve us in conflict, he said. He demanded that those advocating acceptance of the League Covenant bring forth an explanation. This new angle on the treaty was delivered to three delegations, mostly business men from Chicago, Michigan and Indiana. Harding told of the inefficient meddling of the Democratic Administration toward business. The eight years of Democratic administration has increased rather than reduced inefficiency and we are known as the "inefficient prodigals of the world."

ANOTHER SMALL REVOLT IN MEXICO

MEXICO CITY, Sept. 11.—General Migue Vineta at the head of 200 men has revolted and started a new revolution in the state of Sinaloa. It was announced here today. Government forces have taken up the pursuit and a battle is expected hourly. Orders have been issued for the arrest of Rudolpho Herrero, accused of the murder of Carranza.

AND IT WAS EVER THUS

HARRISBURG, Sept. 11.—Increases in rates from 20 per cent to 100 per cent, was granted public utilities companies by the Public Service Commission today in new schedules effective October 1.

FORMER RESIDENT ACCIDENT VICTIM

Word comes from Bainbridge, N. Y., of the sudden death on Wednesday of Ed Kaufman, a former resident of Wellsville, Andover and Elm Valley. He was riding on a wagon loaded with stones and drawn by a truck, that broke loose and rolled down an incline. Mr. Kaufman jumped, but was struck by the wheel and instantly killed.

Deceased was a merchant at Andover for a time and later lived with his daughter, Mrs. Harry M. Smith, at Elm Valley. For a year or more he was employed by E. W. Barnes at Riverside.

Mr. Kaufman is survived by a widow and daughter, who will have the deep sympathy of their friends in this section. The funeral was held yesterday afternoon at Bainbridge. Allegany County Reporter, Wellsville, N. Y.

Ed Kaufman will be remembered by all old-time Clearfielders. He came to our town from Lyscom County when a boy and lived for many years with the late Judge James T. Leonard. He served as Deputy Register and Recorder of Clearfield County for many years and possessed a wide acquaintance throughout Clearfield County. He had been living at Bainbridge for about 20 years. He was 71 years of age and is survived by his widow and one daughter.

LEGION HEAD MADE "CITIZEN OF HONOR"

INDIANAPOLIS, Sept. 11.—Franklin D'Olier, National Commander of the American Legion, has been made a "Citizen of Honor" of Clearfield County, Pa., by the City Council of that historic municipality, according to a dispatch received at Legion National Headquarters. A translation of the letter of the Mayor of Chateau Thierry, France, to Mr. D'Olier, reads:

"In connection with the great day when American and French hearts were welded together in a common hope and when the American nation earned the honor and received the tributes and gratitude of every French citizen for our great sister Republic, I have the very great pleasure to inform you that the Municipal Council of Chateau Thierry bestows upon you the title of Citizen of Honor of our city and that the diploma inscribed on this occasion, will shortly be forwarded to you. As National Commander of the American Legion, please accept our highest fraternal esteem."

THE STOCK MARKET

NEW YORK, Sept. 11.—Closing prices on the stock exchange today were: American Locomotive 95, Baldwin Locomotive 107, E. & O. 41, Bethlehem Steel 75, Canadian Pacific 118, Corn Products 87, Crucible Steel 122, General Motors 21, Lackawanna 67, Maxwell 83, Preferred 18, Mexican Petroleum 17, Midvale 29, Pennsylvania 42, Republic Iron and Steel 81, St. Clair Oil 31, Southern Pacific 93, Canadian Pacific 120, United States Steel 88.

EX-SENATOR CRANE RECOVERING

DAITON, Sept. 11.—Although his condition is still serious, former United States Senator W. Murray Crane is believed to be on the road to recovery. He was reported to be resting comfortably last night.

G. H. Layhead left this morning for Allegheny College where he is a student.

SPLENDID LECTURE BY W. I. SWOOPE

Deputy Attorney General W. I. Swoope delivered his lecture "Problems of the Day" to a fair sized audience at the High School auditorium last evening. The audience was made up largely of women, who appreciated very much the splendid insight given them into the problems confronting every American citizen today.

The lecturer was given the closest attention throughout his address and his masterly presentation of the case with the appropriate remedy for every untoward condition described furnished much food for thought on the part of his auditors.

3300 STUDENTS AT STATE THIS TERM

STATE COLLEGE, Sept. 11.—Anticipating some difficulty in a large part of the 3300 student body that is expected to start pouring into State College next Monday, securing suitable rooming facilities, steps for temporary care of new students are being taken by the student Y. M. C. A. and a committee of the State College Chamber of Commerce. Most of the old students reserved their rooms before leaving Penn State last June but conditions are such that for a week or ten days most freshmen students will be kept hustling to find suitable rooms.

The college armory has been filled with 150 cots and blankets, and all available space in college buildings and in the town will be used temporarily as sleeping quarters. Colonel Theodore D. Boal, on whose Boalsburg estate is located the officers' club of the Keystone Division, has offered the use of the club house and transportation as an emergency. Many families have offered temporary accommodations of all sorts. Within a week following the opening of college on Wednesday, the chamber committee will conduct a survey of the town rooming houses, and by that time every student will have comfortable quarters. The college has but one dormitory for men which cares for less than one-tenth of the entire male enrollment. Boarding house facilities are much better than last year, five new clubs and a cafeteria adding to accommodations in this department. College officials state that within a week the college will assume its normal aspect as the town has always met every emergency.

MRS. JOHN HICKLEN

Mrs. Lucy Stanley Hicklen, widow of the late John Hicklen, formerly an esteemed resident of this region and a sister of T. Lansing Snyder, of Clearfield, died at her home, 5321 Walnut Street, Philadelphia, on Sunday morning, September 5, 1920, following a long illness. Mrs. Hicklen was well known here and her many friends in this vicinity were grieved by news of her passing. Funeral services were held in her late home in Philadelphia on Tuesday evening and on Wednesday the body was brought to Phillipsburg, burial being made in the Phillipsburg cemetery direct from the train, with brief final service at the grave-side.

Mrs. H. E. Shull and Robert, son of Mr. and Mrs. J. A. Shull, returned today from a four weeks visit among friends and relatives in Indiana and Michigan.

SINN FEINERS WILL TRY CHIEF SECRETARY FOR IRELAND FOR MURDER IF MAYOR DIES

LONDON, Sept. 11.—Sir Hamer Greenwood, chief secretary of Ireland, has received notice that in the event of the death of Lord Mayor MacSwiney on the 30th day of his hunger strike he will be tried for murder by the Sinn Fein court. Sinn Fein agents have informally declared that such action will be taken against British Cabinet members responsible for MacSwiney's imprisonment and his resultant death. The latest reports from the Brixton prison said that the Lord Mayor was growing weaker and that the partial paralysis of his arms and legs is extending. He was still conscious. A bulletin said that MacSwiney had spent another bad night with severe pains in his back and legs and increasing dizziness.

LONDON, Sept. 11.—Lord Mayor MacSwiney on the 30th day of his hunger strike was reported to be sinking fast. Sinn Fein headquarters issued a bulletin on his condition hourly.

LONDON, Sept. 11.—A bulletin issued late today said Lord Mayor MacSwiney's condition was "serious," and that he had not spoken since yesterday.

100,000 HOMELESS; 1500 KILLED AND 10,000 INJURED ITALIAN 'QUAKE TOLL

ROME, Sept. 11.—The number of victims of Tuesday's earthquake was still uncertain today. Authorities announced that tents and barracks were needed at once for 100,000 homeless. The latest reports from relief workers indicated that possibly 1500 persons were killed and 10,000 injured. A slight shock was felt at Cassio today but there apparently was no damage. Official denial was received from Pavia of reports that a new volcano was formed on Mt. Pizzo D'Uzzello near that city.

HAZELTON, Sept. 11.—Every colliery in the Lehigh field was closed today and not a ton of coal was mined.

MINER DIES WHEN BOMB EXPLODES; CHILDREN ESCAPE

PUNXSUTAWNEY, Pa., Sept. 10.—One man was killed almost instantly, another was slightly hurt and four children narrowly escaped shortly before last midnight when a dynamite bomb was exploded under the residence of James Brown, miner, at Valler, four miles south of here.

The dead man is James Brown, aged 60, body bruised and torn. Died 20 minutes after explosion. The injured man is James Fazzone, aged 40, boarded in the Brown residence; thrown from bed; bruised and suffering from explosion shock. It is said Brown has been threatened several times since he testified in behalf of the Pansy Coal Company, which employed him, in an injunction proceeding brought two months ago to restrain union miners from picketing the Pansy mine and interfering with workers.

Brown's home was without foundation having been built a foot or so off the ground on pilings. The planters of the bomb evidently crawled under the house and placed the infernal machine at a point directly beneath Brown's bed which was in a room on the first floor.

Brown's four children slept in another section of the house and escaped injury. Mrs. Brown was absent on a visit to a nearby town.

NEW STATE ROAD COMING ALONG

Warren Bros., the contractors who are building the new State road between Woodland and Blue Ball, have now reached within one-fourth mile of Wallaceton with the grade and expect to finish the grade to Blue Ball this fall. They have nearly one mile of the road finished leading from Butler to the camp at the H. and W. Ref. Co. Reese mine and are now laying the cement on the road toward Woodland.

They have been held up by being unable to secure supplies but they received the other day two car loads of cement and several car loads of rails and track and can now go on with the work. They will soon start at the Woodland end of the road and work toward Butler.

The section of road between Woodland and Butler is a very rough road and thus do away with the long detour now necessary between these two points.

DOG OWNERS MUST WATCH THEIR DOGS WHILE TRAINING

Recent reports from all parts of Pennsylvania indicate that dog owners in practically every section made a more concerted effort this year than ever before to prevent their dogs from chasing and destroying game and wild birds from March 1st to August 31st, during which time no game birds or animals may be legally pursued by dogs at any time. This condition I believe is largely due to the rapid growth of public sentiment in favor of better protection for our wild creatures, especially during the period known as the breeding season.

The Department through its various field representatives as well as through the public press and otherwise has for years past made a special effort to bring the importance of giving all wild life every possible safeguard during the breeding season, and this year, as an experiment, thousands of notices for public posting were distributed throughout the State calling the attention of dog owners to the law on this subject. The results secured have more than repaid us, and the dog owners of the Commonwealth are to be commended on their almost spontaneous response to our appeal.

Comparatively few prosecutions were so far necessary to secure proper observance with the provisions of Section 26 of the Act of June 7th, 1917, which imposes a fine of \$10.00 for each day a dog is permitted to chase game during the close season for hunting and an additional fine for each game bird or animal killed. Whenever dog owners and sportsmen generally saw to it that this law was observed strictly reports on game conditions at this time are much more favorable than heretofore, this being true especially of rabbits. The reward for a little care in this matter is therefore already apparent.

The act above cited makes special provision for the training of dogs on all game of the State except elk, deer and wild turkeys from September 1st to March 1st (Sundays excluded) "when accompanied by and under control of their masters so long as no injury is inflicted upon said animals or birds." It must therefore be borne in mind that even during the training

THIS BOY DID NOT COME BACK

"He had been ailing since his son was killed in action in France."

The foregoing words forming part of the obituary of a father who passed away the other day, serve as a reminder that, although the war ended nearly two years ago parents and other near kin have not ceased to sorrow for the boy who died far from home and those he loved. It is one of the cruel penalties of warfare that the bullet which ends the life of a soldier also inflicts lasting wounds in hearts back home. These wounded may not show their suffering in their faces or in conversation, but grief abides with them, and, like the father who just passed away, they go sadly all their days.

Presumably this father had been looking forward to the day when the mortal part of the beloved son would be brought back for burial in the home land; but the prolonged sorrow and suspense proved too severe for his strength and he, too, fell a victim of the war and gave up his life for his country.

There are many thousands of other mourning parents who have been watching for the messenger with tidings that the one mourned is at last homeward bound, and for their sake it is to be hoped that the work of returning the soldier dead to the home land will be expedited with all possible speed. That is the only consolation remaining for those who sorrow.

THE HAREM DISAPPEARING

Too true it seems that the loaf of bread rules the world, breaks up customs of centuries and prejudices so old that they are lost in the midst of the past. It is natural for us to have a romantic feeling for old customs, no matter how much better we may acknowledge the new to be.

So it is with mingled feelings that we read in dispatches from Constantinople how the war and the following economic conditions have affected the women of Turkey, who are said now, instead of languishing in harems, beautifying themselves and feeding on Turkish delight, to have thrown away their veils, donned shirtwaists and short skirts and to be serving as saleswomen in stores, as telephone girls, as cashiers, janitors, street sweepers and even as street car conductors.

The need of women as nurses in the Turkish army is said to have been the means of first opening the harem door for the women of Turkey, and, once opened, it seems to be open for good. Turkish men are no longer able to support a variety of wives as they used to do, and so more and more women are obliged to earn their own livings. Only among the poor and the women on farms do conditions for the women of Turkey remain much as before, for the poor women as well as the women in the country have always worked, as they have done in all countries.

NEW ORDER NOT DESIRABLE

The doctrine of the "new economic order" is being preached far and wide these days, but it is doubtful if any two of the persons who are engaged in the propaganda of radicalism can agree on what they mean by the "new order."

There never has been a time in the history of the world when conditions were ideal and it is doubtful if that time will come. There are undesirable conditions to be overcome, but experience shows that enduring progress comes through evolution, not revolution.

Teachers of communism prate a great deal about the benefits that will come to the common people through adoption of their creed, but they are careful to avoid mention of Russia, which is the one great country in which the bolshevist system is in control. The results do not speak well for it.

There are morals in economics and any system that includes the confiscation or appropriation without compensation, of the property of others is so opposed to a sense of right that it cannot

be entertained by persons who have the least spark of honesty in their makeup.

Either ignorance or rank dishonesty is back of the movement of communism or the holding of property in common and it is probable that both are involved. The system was abandoned 2,000 years ago by a body of men and women in the first Christian church, and it is not changed in character when advocated by groups of unscrupulous men today.

Mankind has made great progress in the last century, and there is reason to believe that greater achievements lie just ahead. They will not come about by destroying what has already been built and substituting an uncertain and vague thing called the "new order."

B. Paul Sheeder, Recorder of Deeds of Montgomery County, is the guest of his brother William P. Sheeder at his home on Second street for a few days. Mr. and Mrs. J. N. Palmer and Mr. and Mrs. E. B. Albert motored to Indiana on Wednesday to attend the Indiana Fair.

Miss Thelma Stewart returned on Tuesday to Lock Haven where she is attending the State Normal.

Miss Charles Peters and Miss Frances Lynn, of Clearfield were shopping in Olaton on Thursday.

On Monday evening Miss J. S. Palmer was greatly and agreeably surprised upon returning to her home at her call at the home of her father. Mrs. W. H. where he had been. He had been called there to celebrate his birthday which occurred on Sunday previous. It is needless to say that it was a most enjoyable party. The celebration about 34 percent.

When the little son of Mr. and Mrs. Albert Peters, had a very nat-

low cape while returning with his mother from Sunday School on Sunday morning last. They stopped near his house to allow a large touring car to pass, and he was warned not to cross the street, by his mother, but ran directly in front of the car and was knocked down and the car passed over him, but the wheels not touching him he was not injured although badly frightened.

Bradford township is having considerable trouble getting the schools started this fall owing to the scarcity of teachers.

Woodland is well represented in the Clearfield school, there being 18 pupils attending the High School and two the Junior High. So much for the ambition of the young people to make something of themselves.

William Boyce and D. W. Anderson have returned from a business trip to South Carolina.

SUFFERING OF YOUNG WOMEN

This Letter Tells How it May
be Overcome—all Mothers
Interested.

Fort Dodge, Ia.—"From the time my daughter was 13 years old until she was 16 she suffered so badly that sometimes I had to call in the doctor. She had headaches, backache, and such pains and cramps that she would have to stay in bed two or three days. She became terribly run down in health and at last a friend who had used Lydia E. Pinkham's Vegetable Compound told her about it and she has used sixteen bottles, and we always have it in the house. She feels fine now and she has no trouble at all each month. We always praise it and advise any friends who suffer to use your wonderful medicine."—Mrs. MRS. MARY MAXWELL, 1007 N. 18th St. & 10th Avenue, Fort Dodge, Iowa.

Girls who are troubled as Miss Mandelko was, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Those who need special advice may write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. These letters will be opened, read and answered by a woman and held in strict confidence.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus clearing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, musty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness of the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

SENATORIAL INVESTIGATION COMMITTEE REFUSE TO SUMMON GOVERNOR COX

SENATOR KENYON MAKES DECISION OF COMMITTEE KNOWN IN DENYING RE- QUEST OF PUBLISHER MUNSEY

CONSIDER COX TESTIMONY "BUNK"

CHICAGO, Sept. 11.—The Senate Campaign Fund Investigating Committee today turned down the demands from Frank A. Munsey, of New York, and others that Governor Cox be brought to the stand to prove his charges of the Republicans planning to raise a huge "corruption fund." Senator Kenyon, chairman of the committee said he had received more than 100 demands that Cox be called, the latest came from Munsey, the New York publisher. In reply he stated that E. H. Moore told the committee he brought all the evidence which Cox had before the committee and that it was needless to call the Democratic candidate.

S. C. Barbour in charge of raising a \$500,000 fund in Chicago told the committee it was "bad psychology" to assess "prospects a definite sum." He said he had a list of 25,000 prospects in Chicago. Barbour said 800 of these ought to give \$1,000 each and hoped one-half of that number would. Reed asked if it was the "cream list." "I wouldn't call it that," replied Barbour. "Well it's about half and half," said Reed. The money raising organization here has the same plan as that in Cleveland which provides that Cleveland business men do the soliciting. Barbour denied that Chicago's quota was \$700,000. He admitted having heard \$700,000 talked of at the Republican headquarters.

"The front line division of workers consisted of 500,000 men," Barbour said "and 220,000 other workers would be added."

CHICAGO, Sept. 10.—Declaring Gov. Cox's charges concerning Republican campaign expenses are unfounded and simply intended to distract the public mind from the real issues, Senator Walter E. Edge of New Jersey, a member of the Senate sub-committee investigating campaign funds, tonight said the Democratic nominee "owes it to the American people to withdraw his extravagant statements or stand convicted of descending to the most despicable type of professional politics imaginable."

In a statement declaring the Cox charges irresponsible and unwarranted by the evidence, Senator Edge declares the charges have been given more consideration already than they warrant and that the committee is "simply becoming the vehicle for all types of insinuous political charges and rumors for partisan effect."

Convinced the Cox allegations are unfounded, Senator Edge has left Chicago for the East. He turned his proxy over to Senator Kenyon.

Senator Edge absented himself from the afternoon session of the sub-committee, declaring his opinion that

further investigation of the Cox charges was simply a waste of time. He said he would join in other activities of the committee, but not sit with it while it took up the Cox charges.

"Waste of Time"

The sub-committee's other four members, Senators Kenyon and Spencer, Republicans, and Senators Reed and Pomerene, Democrats, continued the inquiry this afternoon and will hear more witnesses tomorrow morning.

EIGHT YEARS OF DEMOCRATIC RULE MAKE U. S. RECORD FOR INEFFICIENCY

MARION, Ohio, Sept. 11.—Suggestion that America has been "duped by scores of discrepancies in the French and English text of the Article of Versailles, articles purporting to safeguard the Monroe Doctrine, was made by Senator Warren G. Harding today. These discrepancies might readily involve us in conflict, he said. He demanded that those advocating acceptance of the League Covenant bring forth an explanation. This new angle on the treaty was delivered to three delegations, mostly business men from Chicago, Michigan and Indiana. Harding told of the inefficient meddling of the Democratic Administration toward business. The eight years of Democratic administration has increased rather than reduced inefficiency and we are known as the "inefficient prodigals of the world."

ANOTHER SMALL REVOLT IN MEXICO

MEXICO CITY, Sept. 11.—General Migue Vineta at the head of 200 men has revolted and started a new revolution in the state of Sclibres. It was announced here today. Government forces have taken up the pursuit and a battle is expected hourly. Orders have been issued for the arrest of Rudolpho Herrero, accused of the murder of Carranza.

AND IT WAS EVER THUS

HARRISBURG, Sept. 11.—Increases in rates from 20 per cent to 100 per cent, was granted public utilities companies by the Public Service Commission today in new schedules effective October 1.

DUBOIS ROTARIANS VISIT CLEARFIELD

About 35 members of the Rotary Club motored to Clearfield last evening where they went for the purpose of spreading the principles of Rotary and to permit a number of the citizens of that place to get an insight into the workings of the organization. There is a movement on foot to organize a Rotary at that place and it is probable that one will become a fact within a short time. Just to let the people of the county seat know that the local club is a live one the Boy's Brigade band was taken along and under the direction of "Daddy" Lowe a fine musical program was played before and after the dinner, the concert being heard with great appreciation by a large number of the citizens of the county seat.

The dinner was served at the Hotel Dimmeling at 7 o'clock and Lord Marquis saw to it that there was a fine layout of edibles for the visitors and the home folks. Following the dinner President S. M. Free said he was going to loosen the "hot air" and introduced Judge Singleton Bell. In a speech that was quite short, but at the same time very comprehensive, the judge extended a welcome to the DuBois Rotarians. The judge has visited the local Rotary club several times and is in a position to know the value of such an organization. Dr. Free responded to the welcome in a brief speech. The doctor was followed by Jack Lippert, of Johnstown, a well known Rotarian. Mr. Lippert introduced some stunts of his own in the singing line and then proceeded to tell a few of the good points and the benefits that would accrue from a Rotary club at the county seat. Following Mr. Lippert D. E. Hinner was introduced and told some of the ways in which a Rotary club works and the results that it may accomplish. This finished the speech-making, after which the meeting adjourned, the Clearfield men and the officers and directors of the DuBois club meeting to discuss the situation.

During the meeting the singing was directed by Robert Blakeslee, and the results were most gratifying, plenty of noise being made, even the harmony was not so good at times.—DuBois Courier.

Some twelve or fifteen Clearfielders were guests of the DuBois Rotarians at the meeting in order that they might have first-hand information as to how the organization worked, and after the general session had a "round-table conference" with the officers and directors of the DuBois club. At this session they were instructed in the mysteries and obligations of the Rotary organization. The matter of an organization for Clearfield was discussed at length and Dr. Ward O. Wilson was named as chairman of a temporary or tentative organization to work up the project for a Rotary Club in Clearfield.

The DuBois bunch were live wires and their very fine band added much to the success of the affair.

HAVE YOUR BUNDLE READY SEPT. 15TH

The plans of the committee of the Near-East Relief have reached their maturity and everything is set for Bundle Day on Sept. 15th.

The local Branch of the Red Cross have kindly donated the use of their room for the occasion and there will be someone on duty to receive your phone call from 9 a. m. until late in the afternoon.

The local troop of Boy Scouts have been selected as Bundle Gatherers and they will call for your Bundle if you will advise the Red Cross headquarters that you have something that you wish to contribute for the relief of the Near-East sufferers.

Mrs. Helen Nakay has returned to her home in Belle Vernon, after spending the week with Mrs. H. B. Lawhead, of Nichol's street.

FORMER RESIDENT ACCIDENT VICTIM

Word comes from Bainbridge, N. Y., of the sudden death on Wednesday of Ed Kaufman, a former resident of Wellsville, Andover and Elm Valley. He was riding on a wagon loaded with stones and drawn by a truck, that broke loose and rolled down an incline. Mr. Kaufman jumped, but was struck by the wheel and instantly killed.

Deceased was a merchant at Andover for a time and later lived with his daughter, Mrs. Harry M. Smith, at Elm Valley. For a year or more he was employed by E. W. Barnes at Riverside.

Mr. Kaufman is survived by a widow and daughter, who will have the deep sympathy of their friends in this section. The funeral was held yesterday afternoon at Bainbridge.—Allegheny County Reporter, Wellsville, N. Y.

Ed Kaufman will be remembered by all old-time Clearfielders. He came to our town from Lyscom County when a boy and lived for many years with the late Judge James T. Leonard. He served as Deputy Register and Recorder of Clearfield County for many years and possessed a wide acquaintance throughout Clearfield County. He had been living at Bainbridge for about 20 years. He was 71 years of age and is survived by his widow and one daughter.

LEGION HEAD MADE "CITIZEN OF HONOR"

INDIANAPOLIS, Sept. 11.—Franklin D'Olier, National Commander of the American Legion, has been made a "Citizen of Honor" of Clatsop County, France, by the City Council of that historic municipality, according to advices received at Legion National Headquarters. A translation of the letter of the Mayor of Chateau Thierry to Mr. D'Olier, reads:

"In connection with the great day when American and French hearts were welded together in a common hope and when the American nation earned the honor and received the tributes and gratitude of every French citizen for our great sister Republic, I have the very great pleasure to inform you that the Municipal Council of Chateau Thierry bestows upon you the title of Citizen of Honor of our city and that the diploma inscribed on this occasion, will shortly be forwarded to you. As National Commander of the American Legion, please accept our highest fraternal esteem."

EX-SENATOR CRANE RECOVERING

DAITON, Sept. 11.—Although his condition is still serious, former United States Senator W. Murray Crane is believed to be on the road to recovery. He was reported to be resting comfortably last night.

G. H. Lawhead left this morning for Allegheny College where he is a student.

SPLENDID LECTURE BY W. I. SWOOPE

Deputy Attorney General W. I. Swoope delivered his lecture "Problems of the Day" to a fair sized audience at the High School auditorium last evening. The audience was made up largely of women, who appreciated very much the splendid insight given them into the problems confronting every American citizen today.

The lecturer was given the closest attention throughout his address and his masterly presentation of the case with the appropriate remedy for every untoward condition described furnished much food for thought on the part of his auditors.

3300 STUDENTS AT STATE THIS TERM

STATE COLLEGE, Sept. 11.—Anticipating some difficulty in a large part of the 3300 student body that is expected to start pouring into State College next Monday, securing suitable rooming facilities, steps for temporary care of new students are being taken by the student Y. M. C. A. and a committee of the State College Chamber of Commerce. Most of the old students reserved their rooms before leaving Penn State last June but conditions are such that for a week or ten days most freshmen students will be kept hustling to find suitable rooms.

The college armory has been filled with 150 cots and blankets, and all available space in college buildings and in the town will be used temporarily as sleeping quarters. Colonel Theodore D. Boal, on whose Boalsburg estate is located the officers' club of the Keystone Division, has offered the use of the club house and transportation as an emergency. Many families have offered temporary accommodations of all sorts. Within a week following the opening of college on Wednesday, the chamber committee will conduct a survey of the town rooming houses, and by that time every student will have comfortable quarters. The college has but one dormitory for men which cares for less than one-tenth of the entire male enrollment. Boarding house facilities are much better than last year, five new clubs and a cafeteria adding to accommodations in this department. College officials state that within a week the college will assume its normal aspect as the town has always met every emergency.

MRS. JOHN HICKLEN

Mrs. Lucy Stanley Hicklen, widow of the late John Hicklen, formerly an esteemed resident of this region and a sister of T. Lansing Snyder, of Clearfield, died at her home, 5321 Walnut Street, Philadelphia, on Sunday morning, September 5, 1920, following a long illness. Mrs. Hicklen was well known here and her many friends in this vicinity were grieved by news of her passing. Funeral services were held in her late home in Philadelphia on Tuesday evening and on Wednesday the body was brought to Phillipsburg, burial being made in the Phillipsburg cemetery direct from the train, with brief final service at the grave-side.

Mrs. H. E. Shull and Robert, son of Mr. and Mrs. J. A. Shull, returned today from a four weeks visit among friends and relatives in Indiana and Michigan.

SINN FEINERS WILL TRY CHIEF SECRETARY FOR IRELAND FOR MURDER IF MAYOR DIES

LONDON, Sept. 11.—Sir Hamer Greenwood, chief secretary of Ireland, has received notice that in the event of the death of Lord Mayor MacSwiney on the 30th day of his hunger strike he will be tried for murder by the Sinn Fein court. Sinn Fein agents have informally declared that such action will be taken against British Cabinet members responsible for MacSwiney's imprisonment and his resultant death. The latest reports from the Brixton prison said that the Lord Mayor was growing weaker and that the partial paralysis of his arms and legs is extending. He was still conscious. A bulletin said that MacSwiney had spent another bad night with severe pains in his back and legs and increasing dizziness.

LONDON, Sept. 11.—Lord Mayor MacSwiney on the 30th day of his hunger strike was reported to be sinking fast. Sinn Fein headquarters issued a bulletin on his condition hourly.

LONDON, Sept. 11.—A bulletin issued late today said Lord Mayor MacSwiney's condition was "serious," and that he had not spoken since yesterday.

100,000 HOMELESS; 1500 KILLED AND 10,000 INJURED ITALIAN 'QUAKE TOLL

ROME, Sept. 11.—The number of victims of Tuesday's earthquake was still uncertain today. Authorities announced that tents and barracks were needed at once for 100,000 homeless. The latest reports from relief workers indicated that possibly 1500 persons were killed and 10,000 injured. A slight shock was felt at Cassio today but there apparently was no damage. Official denial was received from Pavia of reports that a new volcano was formed on Mt. Pizzo D'Uzzello near that city.

HAZELTON, Sept. 11.—Every colliery in the Lehigh field was closed today and not a ton of coal was mined.

MINER DIES WHEN BOMB EXPLODES; CHILDREN ESCAPE

PUNXSUTAWNEY, Pa., Sept. 10.—One man was killed almost instantly, another was slightly hurt and four children narrowly escaped shortly before last midnight when a dynamite bomb was exploded under the residence of James Brown, miner, at Valler, four miles south of here.

The dead man is James Brown, aged 60, body bruised and torn. Died 20 minutes after explosion.

The injured man is James Fazzone, aged 40, boarded in the Brown residence; thrown from bed; bruised and suffering from explosion shock. It is said Brown has been threatened several times since he testified in behalf of the Pansy Coal Company, which employed him, in an injunction proceeding brought two months ago to restrain union miners from picketing the Pansy mine and interfering with workers.

Brown's home was without foundation having been built a foot or so off the ground on pilings. The planters of the bomb evidently crawled under the house and placed the infernal machine at a point directly beneath Brown's bed which was in a room on the first floor.

Brown's four children slept in another section of the house and escaped injury. Mrs. Brown was absent on a visit to a nearby town.

NEW STATE ROAD COMING ALONG

Warren Bros., the contractors who are building the new State road between Woodland and Blue Ball, have now reached within one-fourth mile of Wallaceton with the grade and expect to finish the grade to Blue Ball this fall. They have nearly one mile of the road finished leading from Butler to the camp at the H. and W. Ref. Co. Reese mine and are now laying the cement on the road toward Woodland.

They have been held up by being unable to secure supplies but they received the other day two car loads of cement and several car loads of rails and track and can now go on with the work. They will soon start at the Woodland end of the road and work toward Butler.

The section of road between Woodland and Butler is a very rough road and thus do away with the long detour now necessary between these two points.

DOG OWNERS MUST WATCH THEIR DOGS WHILE TRAINING

Recent reports from all parts of Pennsylvania indicate that dog owners in practically every section made a more concerted effort this year than ever before to prevent their dogs from chasing and destroying game and wild birds from March 1st to August 31st, during which time no game birds or animals may be legally pursued by dogs at any time. This condition I believe is largely due to the rapid growth of public sentiment in favor of better protection for our wild creatures, especially during the period known as the breeding season.

The Department through its various field representatives as well as through the public press and otherwise has for years past made a special effort to bring the importance of giving all wild life every possible safeguard during the breeding season, and this year, as an experiment, thousands of notices for public posting were distributed throughout the State calling the attention of dog owners to the law on this subject. The results secured have more than repaid us, and the dog owners of the Commonwealth are to be commended on their almost spontaneous response to our appeal.

Comparatively few prosecutions were so far necessary to secure proper observance with the provisions of Section 26 of the Act of June 7th, 1917, which imposes a fine of \$10.00 for each day a dog is permitted to chase game during the close season for hunting and an additional fine for each game bird or animal killed. Whenever dog owners and sportsmen generally saw to it that this law was observed strictly reports on game conditions at this time are much more favorable than heretofore, this being true especially of rabbits. The reward for a little care in this matter is therefore already apparent.

The act above cited makes special provision for the training of dogs on all game of the State except elk, deer and wild turkeys from September 1st to March 1st (Sundays excluded) "when accompanied by and under control of their masters so long as no injury is inflicted upon said animals or birds." It must therefore be borne in mind that even during the training

THIS BOY DID NOT COME BACK

"He had been ailing since his son was killed in action in France."

The foregoing words forming part of the obituary of a father who passed away the other day, serve as a reminder that, although the war ended nearly two years ago parents and other near kin have not ceased to sorrow for the boy who died far from home and those he loved. It is one of the cruel penalties of warfare that the bullet which ends the life of a soldier also inflicts lasting wounds in hearts back home. These wounded may not show their suffering in their faces or in conversation, but grief abides with them, and, like the father who just passed away, they go sadly all their days.

Presumably this father had been looking forward to the day when the mortal part of the beloved son would be brought back for burial in the home land; but the prolonged sorrow and suspense proved too severe for his strength and he, too, fell a victim of the war and gave up his life for his country.

There are many thousands of other mourning parents who have been watching for the messenger with tidings that the one mourned is at last homeward bound, and for their sake it is to be hoped that the work of returning the soldier dead to the home land will be expedited with all possible speed. That is the only consolation remaining for those who sorrow.

THE HAREM DISAPPEARING

Too true it seems that the loaf of bread rules the world, breaks up customs of centuries and prejudices so old that they are lost in the midst of the past. It is natural for us to have a romantic feeling for old customs, no matter how much better we may acknowledge the new to be.

So it is with mingled feelings that we read in dispatches from Constantinople how the war and the following economic conditions have affected the women of Turkey, who are said now, instead of languishing in harems, beautifying themselves and feeding on Turkish delight, to have thrown away their veils, donned shirtwaists and short skirts and to be serving as saleswomen in stores, as telephone girls, as cashiers, janitors, street sweepers and even as street car conductors.

The need of women as nurses in the Turkish army is said to have been the means of first opening the harem door for the women of Turkey, and, once opened, it seems to be open for good. Turkish men are no longer able to support a variety of wives as they used to do, and so more and more women are obliged to earn their own livings. Only among the poor and the women on farms do conditions for the women of Turkey remain much as before, for the poor women as well as the women in the country have always worked, as they have done in all countries.

NEW ORDER NOT DESIRABLE

The doctrine of the "new economic order" is being preached far and wide these days, but it is doubtful if any two of the persons who are engaged in the propaganda of radicalism can agree on what they mean by the "new order."

There never has been a time in the history of the world when conditions were ideal and it is doubtful if that time will come. There are undesirable conditions to be overcome, but experience shows that enduring progress comes through evolution, not revolution.

Teachers of communism prate a great deal about the benefits that will come to the common people through adoption of their creed, but they are careful to avoid mention of Russia, which is the one great country in which the bolshevist system is in control. The results do not speak well for it.

There are morals in economics and any system that includes the confiscation or appropriation without compensation, of the property of others is so opposed to a sense of right that it cannot

be entertained by persons who have the least spark of honesty in their makeup.

Either ignorance or rank dishonesty is back of the movement of communism or the holding of property in common and it is probable that both are involved. The system was abandoned 2,000 years ago by a body of men and women in the first Christian church, and it is not changed in character when advocated by groups of unscrupulous men today.

Mankind has made great progress in the last century, and there is reason to believe that greater achievements lie just ahead. They will not come about by destroying what has already been built and substituting an uncertain and vague thing called the "new order."

B. Paul Sheeder, Recorder of Deeds of Montgomery County, is the guest of his brother William P. Sheeder at his home on Second street for a few days. Ben Sheeder is a former Clearfielder who has prospered finely since leaving the old town, and his many old-time Clearfield friends rejoice at his achievements.

SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(©, 1920, Western Newspaper Union.)

LESSON FOR SEPTEMBER 12

THE GLORY OF SOLOMON'S REIGN.

LESSON TEXT—I Kings 10:1-13, 23-25.
GOLDEN TEXT—Blessed is every one
that feareth the Lord, that walketh in
his ways.—Ps. 128:1.

ADDITIONAL MATERIAL—I Kings 9:
1-25; 10:1-13.

PRIMARY TOPIC—A Queen Visits a
King.
JUNIOR TOPIC—The Queen of Sheba
Visits Solomon.

INTERMEDIATE AND SENIOR TOPIC
—The Climax of Israel's Greatness.
YOUNG PEOPLE AND ADULT TOPIC
—Tests of National Greatness.

I. The Queen of Sheba Visits Solo-
mon (vv. 1, 2).

Her visit was the result of Solo-
mon's widespread fame. That which
made him famous was:

1. The extent of his kingdom (4:21-
25). He ruled over all the kingdoms
from the Euphrates river to the Medi-
terranean sea, except the Phoenicians,
but they were in alliance with him.
This was the nearest to the realization
of the divine promise, (Gen. 15:18),
that Israel ever en-
joyed; but the fulness of the promised
possession shall be realized when the
Greater than Solomon is king.

2. His great wisdom (4:20-34). It
excelled that of the Chaldeans, Per-
sians and Egyptians (vv. 30, 31). None
of his contemporaries approached
into him in knowledge. He had a
singularly comprehensive mind. He
was (1) a moral philosopher—spoke
3,000 proverbs; (2) a poet—his songs
were a thousand and five; (3) a bot-
anist—he spoke of trees, from the cedar
tree that is in Lebanon even
unto the hyssop that springeth out of
the wall; (4) a zoologist—he spoke
of beasts and fowl, and of creeping
things, and of fishes. He was su-
perior in intellect to any of his own
or any other age.

3. The temple (chs. 5 and 6). This
was an exact reproduction of the tem-
ple (ch. 7). Following the erection of
the temple he began the building of
his own house. He was nearly twice
as long in building this as in building
the Lord's house.

4. Royal palaces adjoining the tem-
ple (ch. 7). Following the erection of
the temple he began the building of
his own house. He was nearly twice
as long in building this as in building
the Lord's house.

5. His commerce (9:26-28; cf. II
Chron. 9:10, 21). His trading ships
went east as far as the Indian ocean,
perhaps even to India; and west as
far as Spain.

6. Army and navy (10:26-29; cf.
9:27). Such wealth and greatness
would at some time provoke opposi-
tion, so he put his nation into a state
of preparedness.

All this greatness was associated
with the name of the Lord. It was
known that his fame was due to his
relation with the living God. No one
ever had a greater missionary oppor-
tunity than he. Wealth and knowl-
edge may be powerful factors for the
extension of the cause of Christ.

II. The Queen of Sheba Astonished
(vv. 3-9).

After the interview in which Solo-
mon answered all her questions, she
was overwhelmed with his great wis-
dom. She had piled him with hard
questions to see if he could measure
up to his reputation, and found that
the half had not been told her.

III. The Queen of Sheba Gives
Gifts to Solomon (vv. 10-13).

As was the custom, she brought
gifts to Solomon, the king, the gold of
which was in value between three and
four millions of dollars.

This was a large gift for that time,
but Solomon more than recompensed
her. He gave her all she desired and
in addition, of his royal bounty. While
her gift to him was great, his to her
was greater, even in keeping with his
possessions. God gives unto him
who give their hearts unto him ex-
ceeding abundantly above all they
ask or think (Eph. 3:20).

IV. All the Earth Sought Solo-
mon (vv. 23-25).

His fame spread to all the earth so
that the people came to hear the wis-
dom which God gave to him. They
came with their gifts of silver, gold,
garments, spices, horses and mules, so
that silver came to be as common in
Jerusalem as stone. There is a time
coming when the Greater than Solo-
mon shall be king over all the earth,
and then all the people thereof shall
come to him with their gifts, and he
shall give unto them of his royal
bounty. Happy, indeed, will all those
be who recognize him and give their
allegiance to him!

Good Conscience.

A good conscience is to the soul
what health is to the body; it pre-
serves constant ease and serenity with-
in us, and more than counteracts all
the calamities and afflictions which can
befall us from without.—Addison.

Cheerful Friends.
Everyone must have felt that a
cheerful friend is like a sunny day,
which sheds its brightness all around;
and most of us can, as we choose, make
his a day either a palace or a prison.
—Sir J. Lubbock.

Meat Cause Of Kidney Trouble

Take a glass of Salts if your Back
hurts or Bladder bothers—Meat
forms uric acid.

If you must have your meat every
day, eat it, but flush your kidneys
with salts occasionally, says a noted
authority who tells us that meat
forms uric acid which almost paralyzes
the kidneys in their efforts to ex-
pel it from the blood. They become
sluggish and weaken, then you suffer
with a dull misery in the kidney re-
gion, sharp pains in the back or sick
headache, dizziness, your stomach
sour, tongue is coated and when the
weather is bad you have rheumatic
twinges. The urine gets cloudy, full
of sediment, the channels often get
clogged and irritated, obliging you to
seek relief two or three times during
the night.

To neutralize these irritating acids,
to cleanse the kidneys and flush off the
body's urinous waste get four ounces
of Jad Salts from any pharmacy
every day take a tablespoonful in a glass
of water before breakfast for a few
days and your kidneys will then act
fine. This famous salt is made from
the acid of grapes and lemon juice,
combined with lithia, and has been
used for generations to cleanse and
stimulate sluggish kidneys, also to
neutralize the acid in urine, so it no
longer irritates, thus ending bladder
weakness.

Jad Salts is inexpensive; cannot in-
jure, and makes a delicious and cer-
tified lithia-water drink.

SUFFERING OF YOUNG WOMEN

This Letter Tells How it May
be Overcome—all Mothers
Interested.

Fort Dodge, Ia.—"From the time my daughter was 13 years old until she was 16 she suffered so badly that sometimes I had to call in the doctor. She had headaches, backache, and such pains and cramps that she would have to stay in bed two or three days. She became terribly run down in health and at last a friend who had used Lydia E. Pinkham's Vegetable Compound told her about it and she has used sixteen bottles, and we always have it in the house. She feels fine now and she has no trouble at all each month. We always praise it and advise any friends who suffer to use your wonderful medicine."—Mrs. MRS. MAXWELL, 1007 N. 18th St. & 10th Avenue, Fort Dodge, Iowa.

Girls who are troubled as Miss Mandelko was, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound. Those who need special advice may write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. These letters will be opened, read and answered by a woman and held in strict confidence.

Sold at all drug stores.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus clearing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, musty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus clearing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.
